

	Room 1	Room 2	Room 3	Room 4
September 17				
08:30-09:30	Registration			
09:30-09:45	Welcome			
09:45-11:00	Keynote 1: Richard Pettigrew			
11:00-11:30	Coffee Break			
Parallel Sessions A (11:30-13:00)	<i>Econometrics</i>	<i>Decision Theory</i>	<i>History of Economics</i>	<i>Economic Policy: Development</i>
	Microfoundations in measurement and theory, Zhu Junyi	Carroll's Tortoise Against Meta-Decision Theory, Makins Nicholas	Between economics and philosophy: a reappraisal of the Rawls-Harsanyi debate, Igersheim Herrade	Assessing Development Projects through the Lens of the Human Development and Capability Approach: How a More Comprehensive Methodological Framework Can Reshape Development Policies, Ghirlanda Pietro
	When is a replication attempt successful?, Maziarz Mariusz	Cost-Benefit Analysis, Incommensurability, and Imprecise Utilities, Ongaro Malvina	A Bigger Game: The Critiques of Market Design, Ivan Boldyrev	Construct validity and mechanistic extrapolation in the psychology of poverty: Hokkanen Lari
	Standardizing mean differences: A cautionary tale from a rational choice perspective, Ina Jäntgen (ONLINE)	Why be a frame-sensitive reasoner? On the epistemic foundations of ultraintensional preference formation, Grayot James	Rethinking Adam Smith's Philosophy: A New Foundation for Political Economy, Issaoui Ibtissem	The Relevance of Internalization for Social Norm Interventions, Nuotio Tatu
(13.00-14.30)	Lunch and Journal of Economic Methodology Meeting			
Parallel Sessions B (14:30-16:00)	<i>Behavioral Welfare Economics</i>	<i>Economic Policy: Environment and the IPCC</i>	<i>Social Scientific Methods in Economics</i>	<i>Collective Decision Making</i>
	A Defence of Preference-Based Approaches to Welfare Evaluations in Public Policy, Roberto Fumagalli	Design principles for the IPCC emission scenario ensemble, Nappo Francesco	Qualitative Economics: Integrating Qualitative Research Methods into Economic Analysis, Conte Leonardo	Manipulation in Collective Decision Mechanism: Solutions from Economics and Computer Science, Bele Wollesen
	Social Preferences and Social Welfare in Behavioral Welfare Economics, Jack Vromen	Post-Growth and the Lack of Diversity in the Scenario Framework, Rawad El Skaf	Scratching the Surface: The Use of Participatory Methods in the Lab to Uncover Wicked Problems, Rusconi Massimo, Gagliardi	Should we really worry about Arrow? On using the axiomatic method in normative inquiry, Nissan-Rozen Ittay
	Why not ends paternalism?, Abrahamson MÅns	Reaping the Benefits of Interactive Scientific Pluralism: The Case of Ecological Economics, Jeremias Düring	The Epistemic Boundaries of Economic Informality: Rethinking Methodological Approaches in Economic Policy, Elgin Ceyhun (ONLINE)	Thick Concept, Thin Consensus: Normative Judgments in Estimating Inequality of Opportunity, Moritz Hörll
16:00-16:30	Coffee Break			

17:00-19:00	City Tour			
20:00-late	Young Scholar Event			
September 18				
08:30-09:30	Registration			
Parallel Sessions C (09:30-11:00)	Game Theory and Market Design	Symposium	Welfarism	Macroeconomics & econometrics
	What does the Trust Game say about Trust ?, Camilotto Nicolas (ONLINE)	Model Transfer and Its Challenges in Economics	Welfarist Meritocracy, Salonia Enrico Mattia	Anti-Reductionist Strategies for Macroeconomists, Paul Hoyningen-Huene
	Underdetermination in experimental game theory: the anti-holistic response, Caamano Maria		Welfare Assessments with Incomplete Preferences: Context-Dependent Choices and Plural Identities,, Constanze Binder	What is a structural model?, Christopher Clarke
	The insufficiencies of game theory: complementary perspectives by Simone Weil, Heifetz Aviad		PREFERENCES: MENTALISM, BEHAVIORISM AND FUNCTIONALISM, Cozic Mikael	Causal presuppositions in econometrics and the science-policy gap, Mireles-Flores Luis
11:00-11:30	Coffee Break			
Parallel Sessions D (11:30-13:00)	Model Selection	Feminist Approaches	Institutions	Decision theory 2
	Model Choice in Economics: Simulation Models, Empirical Evidence and (Normative) Representational Decisions, Kothe Anna-Katharina	Feminist Political Economy and the Migration Choices of Undocumented Latina Womenà, Harrington Aubrial	Identity, Social Comparison, and Institutional Categorization: A Tripartite Model of Institutional Dynamics, Okamoto Noriaki	Collective Action Problems, Self-defeating Behaviors, and their Alleged Equivalence, Costella, Annalisa
	On the Diversity of Models in Normative Inquiry, Lukas Beck	Social Science Denial, Erik Angner	Comparing the Social Ontologies of the Ostroms and Buchanan: From Shared Ambitions to Conflicting Analytical Perspectives, Cervesato Massimo	Competing Claims with Uncertainty, Nojournian Makan (ONLINE)
	On the Utility of Models: Bridging the Theoretical and Analytical Sides of Model Selection, Rusconi Massimo	Which values in modern economics? Analytical and methodological strategies for identifying non-epistemic values in economic research, Magdalena Malecka	Rethinking the Rules of the Game: Synthetic Data for Institutional Economics, Petr Specian	Coping with uncertainty, Crespo Ricardo
13:00-14:30	Workshop: Introduction to Elgar Handbook of Teaching Philosophy to Economists, John Davis, Giancarlo Ianulardo, Ricardo Crespo			

Parallel Sessions E (14:30-16:00)	<i>New Trends in Economic Methodology</i>	<i>Decision Theory</i>	<i>Measurement</i>	<i>Nudges</i>
	Cultural Influences on Economic Methodology: The Intersection of Indigenous Knowledge and Modern Economics in Africa, Abdullahi Kamal Tasiu	Diversity and strategic beliefs, Sleprowinski Milosz	Precision-Like Mesh: On Economic Measures of Discrimination, Adams Florence (ONLINE)	Co-Designing Nudges: Measuring the Impact of Expert and Citizen Collaboration, De La Cruz Solal Samuel & Guilhem Lecouteux
	Philosophical Perspectives on Resource Curse: Lessons from Nigeria's Oil Economy, Abdullahi Kamal Tasiu, Muhammad Muhammad	Original Positions and Decision Theory, Michael Moehler (ONLINE)	The "Mortality Paradox": History and Methodology of Poverty Measurement, Favereau Judith	Majority voting on nudges, Tobias Henschen
	Revising the Moral Arguments Black Reparations in the US in light of the Economic Arguments, John Davis	Psychological narratives in decision theory: what they are and what they are good for, Ivan Moscati	Values and Trustworthiness in Economic Inequality Metrics, Basso Alessandra	Of the Vices Behind Biases: Reassessing the Contribution of Nudges as Welfare Policy Tools, Zarama Rojas Daniel
16:00-16:30	Coffee Break			
16:30-17:45	Keynote 2: Wendy Carlin			
18:30-19:30	Brewery/Catacombs Tour			
19:30-late	Conference Dinner			
May 26th				
08:30-09:30	Registration			
Parallel Sessions F (09:30-11:00)	<i>Computing and AI</i>	<i>Performativity</i>	<i>Money and values</i>	
	Algorithms and Autonomy: Liberal Responses to the Preference-Shaping Power of Recommender Systems, Malte Dold [ONLINE]	Big M 2.0. The art of war for philosophers of economics, Ostapiuk Aleksander	The Origin of Money: A Methodologically Informed Appraisal of the Debate, Gschwandtner Jakob	
	Like It or Not - Recommender Systems, Welfarism, and Performativity, Khosrowi Donal, Lukas Beck	Conventions and the performativity of economics, Campos Jonas (ONLINE)	Taxing Carbon, Framing Responsibility: Who Values the Environment?, Guigourez Mathieu	

11:00-11:30	What does GPT believe? Experimental elicitation of the 'beliefs' of large language models with uncertain lotteries, Lecouteux Guilhem	Predictions, Potential Outcomes, and Performativity, Zezulka Sebastian	Is value a substance? A deconstruction of the institutional approach, De Michele Giustino	
	Coffee Break			
Parallel Sessions G (11:30-13:00)	<i>Decision Theory 3</i>	<i>Ethics and Economics</i>	<i>Normativity in Economics</i>	<i>Measurement II</i>
	Decision Models and Tainting Beliefs, Ulusoy Oyku	Trust attitudes and the epistemic mechanisms of smartphone addiction, Barnes Angela	Should Economics as a Science be Impartial?, Trojanowska Hanna	Modeling in Economic Policy: Rethinking Models' Epistemic Limitations, Nadia Ruiz
	Regret Aversion, Wilkinson Hayden (ONLINE)	Tax cuts for socially valuable work, Brouwer Huub, Van Der Deijl Willem	On the normative authority of economics, Uskali Mäki	Reality bites: Bringing 'policy' back to philosophy of evidence-informed policy, Blanco Sequeiros Sofia
	When all bets fail (to reveal beliefs): The Problem of Two Perspectives, Kudryavtseva Vita	The Economics of Coercion: Kolm's Liberal Social Contract and Public Goods, Leportier Kevin	Scientific objectivity and normative economics: the case of fairness theories, Conrad Heilmann	Who are experts on the sustainability of economic growth?, Lari Teemu
13:00-14:00	Lunch			
14:00-14:45	INEM Plenary			
14:45-16:00:	Keynote: Katherine Furman			
16:00-16:30:	Coffee and Farewell
